Yes, if the patient lives in Virginia they can reach out to me directly for information on the process. Thanks.

Good morning Mary,

Are you still the contact for individuals who would like to donate their bodies to the Commonwealth for medical research? We have an interested patient.

Thanks so much,

Tyler

Subject: FW: Donating a body to the SOM?

Hi Amy,

My apologies for the delayed response. What I tell potential donors when they want to donate to a specific school is that the State Anatomical Program at the Virginia Department of Health will do their best to honor the donors wishes but depending on the need at the time, the remains may go to one of the other two medical schools in Virginia (MCV/EVMS.) If the donor has other specific questions, I refer them directly to the State Anatomical Program at 804-786-2479 or the website <http://www.vdh.virginia.gov/medical-examiner/vsap/>.

Thanks.

Mary
